

[Wlx 898u3 4 Driver.epub](#)

The screenshot shows a web-based diagnostic interface for Citroën vehicles. At the top, a navigation bar includes "Home", "Documentation", "Measurements", and "Reports". A status bar at the top left reads "Technical assistance and DiagBox team wish you a happy new year 2016!". On the right side of the interface, there is a text input field labeled "Entry of the VIN no." with a green checkmark icon to its right. The main content area features the Citroën logo and a photograph of a Citroën DS 4DS 4 Crossback. To the right of the car image is a grid of buttons representing different vehicle models. The "DS 4DS 4 Crossback" button is highlighted in red. Below the grid, a small white box contains a list of instructions: "1) Automatic detection of the vehicle", "2) Automatic detection of the vehicle by entering the VIN", and "3) Manual selection of the vehicle". The bottom left corner of the interface shows the text "Tree\_startPortal.s : 104\_00".
